DECISION BY JUDGE BURPEE

Judgment For Defendant To Recover on \$12,000 in Suit of Wilkinson & Co. vs. Mitchell.

Judge Burpee has rendered a decision in the case of James Wilkinson & Co. vs. Alfred Mitchell, and gives judgment for the defendant for \$12,661.47. In the memorandum of decision the judge states that the plaintiff cannot recover on their first count, because the allegation of the third paragraph, which was denied, was not proved. It did not appear that the plaintiffs had performed all the conditions of the special contract according to specifications. He finds that the contract was never fulfilled according to specifications.

filled according to specifications.

Items for labor and material not disputed amount to \$254.17, and other materials furnished at Port Antonio in April.

Notice of appeal has been filed in the case by counsel for the plaintiff to the supreme court of errors at the session in April.

While he was away he provided her with \$75 a week for herself and adopted child, aged 14. Mrs. Byrne wishined that Mr. Byrne made money with the Elish Beils company and is worth over \$320,000 and has an income of \$22,000. She believed that she should have at least \$60 per week. She said that she had turned a house on Washington street. Norwich, over to her husband for a \$5,000 mortgage which she sold and bought mining stock. This she thinks will pay later. She has also paid \$300 on a cottage at Atlantic City. During her examination she cried considerably.

Mr. Byrne did not consider that he is worth \$200,000. He said his real estate in Brooklyn cost him \$120,000 but part is not cented and he has to pay heavy assessments there. He said his property is mortgaged. He maintained that his income was not over \$175 a week and that while Eight Bells has paid it is not making much money now. WEST MYSTIC CONCERN

IN MAMMONTH BOAT COMBINE. Will Control About 90 Per Cent. of the Output of the Country.

The modern tendency in business to embine and standardize has invaded the power boat and engine industry, and there has recently been incorporated in Maine the National Boat and Engine company, taking over concerns throughout the country representing

about 90 per cent, of the output of manufactured boats.

The broad scope of this new enterprise is shown by the representative concerns which have already become part of the new company, and by the men who are back of the new company. men who are back of the new corpora-tion. A partial list of the companies absorbed follows:
